

IDEA Trinity Term 2021 - Reading list

IMPORTANT: We know that you all lead busy lives, and so we understand if you do not have time to look at all of the readings that we are suggesting. You can still participate in the discussion as an observer, or provide insights just around the texts that you had time to read. Hopefully, between all of us taking part we will have covered enough of the content for discussions to be meaningful and worthwhile.

If you have any comments/further articles you would like to share with the community either before or after the session, please free to do so in our facebook group accessible under the following link:
